Statement for Donation of Ceiling Fans and 3 computer tables to Schools

I am pleased to announce my decision to donate 20 ceiling fans and 3 computer desk stations to selected Primary and JHS schools within the Amanokrom community on the 7th to 9th of NOVEMBER 2026 to help address the excessive heat conditions in classrooms.

Over the years, it has become clear that many of our pupils and teachers endure uncomfortable learning conditions, especially during periods of intense heat. This situation affects concentration, learning, teaching, and the overall wellbeing of both students and staff. As part of my commitment to supporting education and improving the learning environment in our community, I believe it is important to contribute towards creating more comfortable classrooms for our children.

This donation is intended to support effective teaching and learning by providing better ventilation and comfort for pupils and teachers during school hours. Education remains a shared responsibility, and it is my hope that this gesture will encourage others to also contribute in diverse ways toward the development of our schools and the future of our children.

I would like to express my appreciation to the school authorities, teachers, parents, and community leaders for their continuous efforts in nurturing and guiding our young generation. Together, we can continue to build a brighter future for our community.

Thank you.

Signed:

Nana OPPONG Awuku I
